Subject: Commander's Report

The Sheboygan Power Squadron has been very busy. P/C Jennifer Cihak and I have done advertising in the newspaper for our upcoming Boat Smart classes. We are having 2 Boating Classes. We are working on the scrapbook and getting ready to submit the Star Squadron information. I am hoping to start planning our Vessel Safety Check outing. Hope to get some Co-Op charting done this year. We are looking forward to many fun events coming up again this year.
