D10 Communicator

Volume 15 Issue 2

July 2019

D/C Dave Fine, AP

Hello District 10! Happy 4th of July!

This is our first issue of the Communicator in our 2019 / 2020 Watch Year. It is packed with great information and I hope you will take a few minutes to read through the articles.

DXO - Kevin Wehrmann has information on our VSC program, his department goals, and some great tips on things you can find on America's Boating Channel (an online learning tool).

DAO - You will find important information about the upcoming Summer Rendezvous hosted by Green Bay, and the Fall Conference in Bernie Dohr's article.

DEO – Need an avenue to get new members and move your education program onto the water? Wes Koplitz shares some information about how to get Jump Start moving.

Secretary – Want to get connected to the District communications or know of members who do not receive publications like the “D10 Top 10 News You Can Use”? Read Jennine Fine's article on a quick and easy method to subscribe to D10 communications.

Treasurer – Wondering if our finances are “ship shape”? Take a look at Tracy Gustafson's article.

View from the Helm

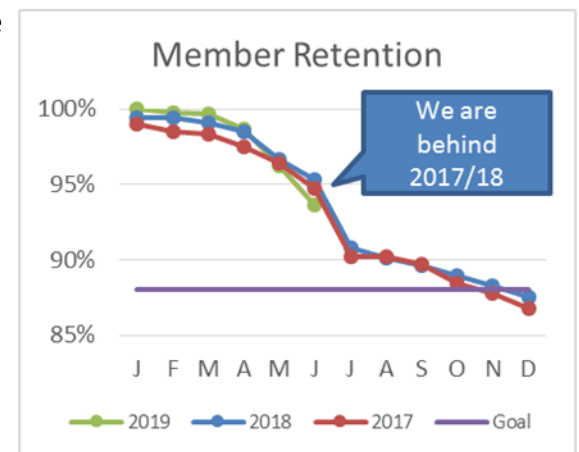

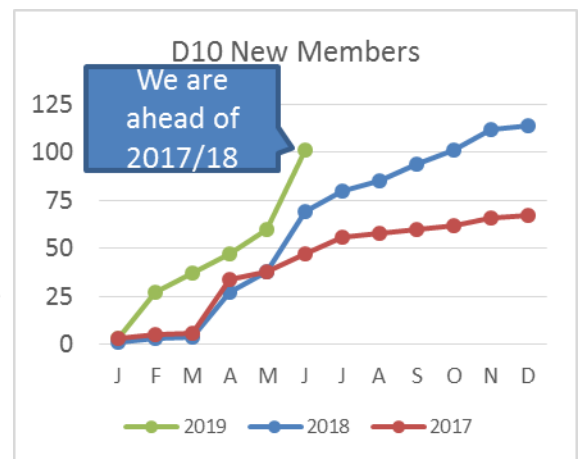

As our District and Squadrons have come off a very successful and award winning watch year, there couldn't be a more exciting time to be a member of our organization. There is a lot of activity surrounding my theme of **REDEFINE TRADITION** at all levels of the organization. The National organization has adopted a Strategic Transition Plan to transform the organization to one that will better resonate with today's boaters. Key elements include America's Boating Club, organizational and procedural simplification, and a cultural shift towards less formality and more fun. This resonates well with many of our own D10 initiatives including America's Boating Club, Living the Logo, and now our D10 Task Force. Speaking of the Task Force, all eleven squadrons have assigned representatives to support the initiative. The mission of the team is to “*look at potential changes in our operations to free up resources to focus on positioning D10 for the future*”. The group is meeting every other week. Accomplishments so far include: (1) wW agreed that there are underlying issues that need to be addressed and that the outcome of the Task Force can be successful at addressing some of those issues. (2) We brainstormed and identified the key problems within our District which when sorted and grouped boil down to marketing to get new members, member involvement to retain existing members, too much bureaucracy, and not enough focus on having fun and on what is important. Our next steps are to identify root causes for these issues followed by a move to corrective action recommendations. I will continue to talk about progress through future communications and it will be a topic at the Fall Conference hosted by Central Wisconsin.

Spring Conference Thanks!

A big THANKS to all who attended the Spring Conference in Minneapolis. We had a great time and continued to **REDEFINE TRADITION** with (1) shortened department workshops, (2) an on-time meeting, (3) great seminars, (4) a Saturday afternoon dedicated to fun social activity, (5) a great sponsor in Erickson Marine, and (6) a very positive Breakfast with the Bridge discussion. Special thanks to Minnetonka and Cdr Andy Lalim for hosting, and also to R/C Mike Skelley for representing the Chief Commander. Due to the generosity of Minnetonka (who agreed to split any proceeds with D10), the Enrichment Fund will realize an \$800+ increase! If your squadron has a need, fill out an application. Up to \$500 can be granted per year. There are several fun pictures from the Change of Watch later in this publication.

D10 Goals/Membership – Pretty big news here. D10 membership as of the end of June is 950 up 7.3% on the year. I looked back in time and you have to go back 6 years to see membership in our District at this high a level. Our two largest squadrons are leading the way with growth of 19% and 17% for Duluth and Minnetonka respectively. M/M is also up at 3.6%. Central Wisconsin and Green Bay are holding their own with the remainder being down for the year. We set a lofty goal this year to beat the amazing 2018 total of 114 new members. This was after adding 67 members in 2017. We are well on our way to smashing that goal having added 101 new members just half way through the year. The first chart on the right shows just how well we are doing compared to 2017 and 2018. 2019 is shown by the green line in the chart. Membership retention on the other hand continues to be an issue and we are behind our goal of improving retention this year. The second chart on the right shows retention through June which stands at 93.7% which is behind both 2017 and 2018. That means we have lost 6.3% which is 56 members to date. I continue to believe member involvement, new member mentoring programs, personal contact with members, and more opportunities for fun engagement are keys to retention. We also have to make sure our organization is offering a product that adds value for our members. These are all areas being discussed in the Task Force effort I mentioned above. If you have ideas, please share them either directly with me, with your Commander, or your Task Force representatives. If you don't know who that is, let me know that as well at dave.fine@ngc.com

That's all for now. Thanks to each of you for all you do to make our organization great. Hope to see many of you at the Summer Rendezvous! Have a safe and happy 4th!

Remember, let's **REDEFINE TRADITIONS... FROM STEM TO STERN**

District Executive Department

For 2019-20 we set out to achieve 6 goals that are built around 2 objectives.

Guide and Support the District 10 Squadrons in the ongoing transformation to America’s Boating Club.

- Continue to lead by example on how to “Live the Logo” in concert with the National Planning Committee’s Strategic Transition Plan
- Conduct America’s Boating Club seminar at Conferences
- Include America’s Boating Club updates in D10 Communications

D/Lt/C Kevin Wehrmann, S

Expand our Civic Outreach across D10

- Increase number of VSC’s in D10 to 1452
- Define and implement D10 wide civic plan
- Roll out improved tracking process and use to apply for the Boat US Civic Award at Squadron and District levels.

Vessel Safety Check Update across District 10

For the watch year 2018-19 Bob DeNoto set a goal to obtain a total of 1272 Vessel Safety Checks. Well they blew that goal out of the water and landed 1451 VSC’s, 114% of target. This year we are aiming for a Goal of 1452.

Are you familiar with America's Boating Channel? Featuring safe boating videos and boater education digital media created for boaters by boaters. If not, check out some of the Hot Topics available to you with a click of a button. Some of the videos include:

- Cold Water Survival
- Wear a Life Jacket
- Safety Tips for Paddle Sports
- Stand up Paddleboard Safety
- We are America's Boating Club
- What is BUI?
- Dangers of BUI

With the Fourth of July just around the corner boat safety is a concern, I found the videos on BUI very informative. Take a look!

These videos are helpful in teaching and learning boating skills and boat safety. It was formerly known as DML (Digital Media Library). To visit click the link below.

District Educational Department

I certainly hope you are finally enjoying the summer boating season. It had a slow start but I believe the cold rainy period has finally subsided.

Jump Start: A New Program for All USPS Members

You may have heard about this new USPS training program. This is a fantastic way of giving new boaters an opportunity to learn by way of “on the water” education. As for instructors, any knowledgeable USPS member can conduct the training. The knowledge we can pass on to these boaters can lead to a lasting bond with them. They may even want to become a USPS member! Marketing the program is a key element for success. Minnetonka Sail & Power Squadron has been out front in this effort with utilization of their website. Under their Education Icon is “Free on the Water Training”. Inquirers will be asked to fill out an online questionnaire. Their SEO gets notification and can respond to them. The website is a very economical way of connecting with these struggling boaters. In 2019 they currently have 12 signups with an expected goal of 25. An estimated 60-70% of those signups lead to encouraged completion of our ABC3 (America’s Boating Course). Proceeding to give them a VSC (Vessel Safety Check) and address the training needs with an informal interview is paramount. Mentoring doesn’t require any certification. The mentor only needs to have the necessary skills to aid in the training session. I encourage you to approach your Squadron Educational Officer if interested.

District Administrative Department

I hope you are planning to attend the Summer Rendezvous in Green Bay on July 26-28. On Friday you can cruise the Fox River with your own boat. There is a Friday dinner at the Rock Garden, Comfort Suites. Saturday will give you time for “on your own” activities. Some ideas are:

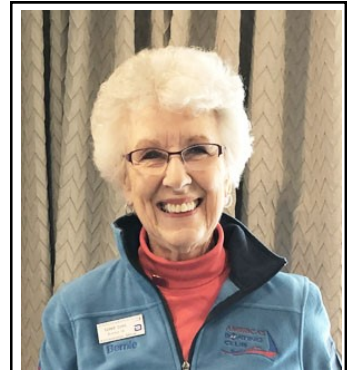

- Check out the Tall Ships in port this weekend,
- Visit Titledown,
- Visit the new zoo,
- Visit the Neville Public Museum,
- Enjoy the Bay Beach amusement park, and
- Visit the Bay Beach Wildlife Sanctuary.

If you are interested in the EAA AirVenture, you can come a day sooner and spend a day in Oshkosh.

The 2019 Youth Poster Contest deadline is September 12 at the National Governing Board Meeting. Posters can be brought to the Summer Rendezvous for judging and winners will be taken to the National Meeting.

Fall conference plans are well underway. It will be at the Holiday Inn in Stevens Point on October 18-20. Our speaker on Friday evening will be Tiffany Krihwan, Captain of the 173 Ton Schooner Tall Ship Denis Sullivan, owned and operated by Discovery World in Milwaukee. I was in Milwaukee at a district rendezvous when this ship was being built.

District Secretary

Hello All,

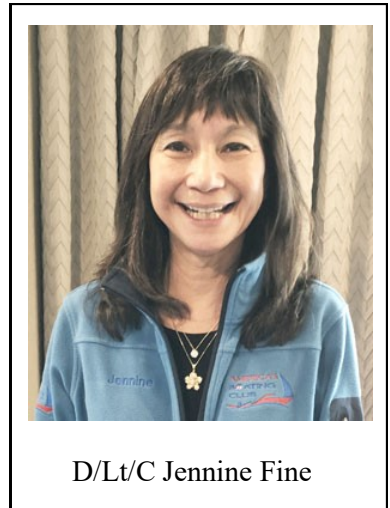

Let me introduce myself ... My name is Jennine Fine, YOUR newly elected D10 Secretary. Born and raised in Honolulu, HI, I came to Minnesota to attend college to obtain a BSEE with a focus on communications. Little did I know that classes such as "Spreading the Spectrum" would lead me to this position.

With that said, I believe that the key to a successful organization is Communications. Previously, Richard Baker and Leo Leob attempted to contact approximately 300 of the 800 members who did not receive D10 emails. The list shortened to 94. My team, which consists of YOUR Squadron Secretary and Leo, continue to make efforts to make this list disappear. If you have fellow members who wish to receive this note and learn about opportunities to grow within D10 and your squadron, see the "OPT-IN" directions below:

- Click on this link [OPT-IN](#).
- A D10 window will pop up.
- It will ask to fill in an email address and name. Once this is done select "Join Now".
- It will then ask to update a profile by selecting "click here". An instantaneous email will be sent to their email inbox asking if they would like to view and edit their profile. If an email was not sent to their inbox they should check spam or other folders.
- The D10 window will pop up once again. By pressing "Join Now" again, verifies that the update is complete.
- If you need further assistance please contact me at jennine.fine@gmail.com.

Thank you in advance for your help. Have a great rest of the summer !!!

District Secretary
D/Lt/C Jennine Fine

District Treasurer

Ahoy from the D-10 Treasurer's Department,

As I am writing this article, it is a sunny beautiful summer day ! We are so fortunate for what we have and the opportunity to get out on our boats and enjoy the beautiful outdoors !

We have over half of the fiscal year to go. We have realized approximately 60% of the budgeted revenue for the fiscal year to date. Basically, our squadron dues are the only revenue coming into the district budget.

D/Lt/C Tracy Anne Gustafson, AP-IN

The District 10 Bridge works hard to follow the budget and be fiscally responsible to keep our fiscal position solid and our budgets balanced. The District 10 Bridge is currently working on the next fiscal year's budget, which will be presented at the Fall Conference.

Overview of the Annual Budget Approval Process:

- The Bridge & the Budget and Finance Committee work together with the Treasurer to propose a Budget for the coming year.
- The Bridge & the Budget and Finance Committee review the proposed budget and make a recommendation to approve or revise based on available funds.
- The Bridge reviews the Committee's recommendations and makes changes if required.
- The council reviews/discusses and approves or disapproves the proposed Budget prior to the Fall Conference.
- The Conference delegation reviews/discusses and approves or disapproves the proposed Budget at the Fall Conference.

Please feel free to contact me with any questions. I look forward to seeing you all at the Fall Conference October 18-20 J

Respectfully Submitted,
D-10 Treasurer
